

Media Release | April 25, 2007

KIRKLAND, WA USA- R. D. WING CO., INC., IS PROUD TO ANNOUNCE that we are now on todl.com! Trade Only Design Library or better known as todl.com is a trade buyer's online product library with actual specs on hundreds of thousands of residential, contract, hospitality and healthcare products.

WEB INFORMATION-

Trade Only Design Library currently features our Backlight Images™. www.todl.com is simply a comprehensive product database created to assist professional buyers in the research and specification of products, manufactures and needed services for their projects. If you are a designer, architect or engineer, it is a simple free sign up and you will have access to everything todl.com offers.

- We have featured actual case studies of real installations of Backlight Images™ we have produced.
- The 'Technical Data and Specs' section clearly defines what information we require to produce a Backlight Image™, as well as what information you need to design and specify a Backlight Images™ project.
- You will see many markets and products that lend themselves to the use of Backlight Images™.

Backlight Images™ is a 3-Dimensional photo relieved imaging process into the surface of specific shapes of ¼" thick translucent DuPont™ Corian® solid surface material. Once relieved and illuminated from behind, the image is expressed as a crystal clear 3-Dimensional representation of the original image provided.
