

Media Release | November 6th, 2008

KIRKLAND, WA USA R. D. WING CO., INC., IS PROUD TO ANNOUNCE THE DEVELOPMENT AND LAUNCH OF OUR NEW WEBSITE, SPECIFICALLY CENTERING ON OUR ARCHITECTURAL COMPONENTS, IN TANDEM WITH OUR CURRENT WEBSITE FOCUSING ON BACKLIGHT IMAGES™.

A NEW DESIGN-

The website address is www.rdwing.com This website is designed to allow the user to easily explore and experience the applications, features, benefits, and technical aspects of our Architectural Products. Please be sure to review the areas of our website listed below to better understand how our product can best be specified for your applications.

- We have featured actual case studies of real installations in our 'Projects' section.
- The 'Technical Data and Specs' section clearly defines our products and how to have one produced as well as what information you need to design and specify one of our architectural products.
- In our 'Potential Applications' section, you will see many markets and products that lend themselves to the use of our architectural products.
- Got a question? Our 'Frequently Asked Questions' section can help you out. It answers the most commonly asked questions concerning each of our architectural products.
- Don't forget to review our 'News' section, as this shows all archived and current Media Recognition and Releases.

R.D. Wing Co., Inc., the same company that brought you Backlight Images™, is extremely proud to introduce our new website devoted to the wide variety of architectural products we manufacture; Dye Sublimation, 3-Dimensional Sculpted Reliefs, Patterned Surfaces, Laser Imaging and Vector Cutting, and Architectural Signage. Each one of these processes is designed to be utilized in nearly every market segment. Keeping the architect or designer in mind, we have created systems for mounting, fabricating, and installing that are completely customizable.
